Our Florida Postal History Society has been working on a revision of the *Stampless* 1999 book for many years and it is now ready to go to the printer. This Smythe-sewn hardbound book contains numerous updates and now adds a census of adhesive stamp and postal entire usage up to the onset of the Civil War as well as many new postmarks and rate markings.

This book is over 460 pages and has full color scans of all covers as well as considerable additional research material. We plan to have this book available for delivery prior to FLOREX 2018 [November 30, December 1 & 2] and plan to have it available at the show for sale at a retail price of \$85. A pre-publication price of \$70 including postage is offered and has been extended to October 15, 2018.
